Index to Volume 4

1. Articles by Author

Bandyopadhyay, Taradas. "The Role of Money Demand Functions in One-Sector Growth Models." 2: 225–32.

Barth, James, Robin Sickles, and Philip Wiest. "Assessing the Impact of Varying Economic Conditions on Federal Reserve Behavior." 1: 47–70.

Birch, Dan and Alan Rabin. "A Clarification of the IS Curve and the Aggregate Demand Curve." 2: 233–38.

Boughton, James M. "Forecasting Money Demand with Jorgenson's Lag and Tobin's q." 4: 405–18.

Calvo, Guillermo A. "Involuntary Unemployment and Inventories: An Exploratory Model of Equilibrium and Pure Competition." 3: 253–76.

Cicarelli, James. "A New Method of Evaluating the Accuracy of Economic Forecasts." 4: 469–75.

Day, A. Edward and D.W. Mitchell. "A Note Concerning a Credit Rule for Monetary Policy." 1: 109–12.

Drabicki, John Z. and Akira Takayama. "The Long-Run Consequences of Minimum Wage Regulation in a Monetary Economy." 4: 387–403.

——— and ———. "The Symmetry of Real Purchasing Power and the Neoclassical Monetary Growth Model." 3: 357–62.

Driscoll, M.J. and J.L. Ford. "Real-Sector Parameter Instability and the Optimal Choice of Monetary Policy." 3: 339–48.

Fackler, James S. "A Note on the Interactions among Monetary Policy, the Tax Structure, and Equilibrium Output." 1: 101–08.

Ford, J.L. and M.J. Driscoll. "Real-Sector Parameter Instability and the Optimal Choice of Monetary Policy." 3: 339–48.

Frank, Jeff. "A Keynesian Model of Search and Labor Market Disequilibrium." 3: 293–308.

Hafer, R.W. "The Demand for Transactions Deposits: Was There a Shift in the Relationship?" 3: 363–70.

Haynes, Stephen E. and John Pippenger. "Discrimination among Alternative Models of International Capital Markets." 1: 23–46.

Hodrick, Robert J. "On the Effects of Macroeconomic Policy in a

Maximizing Model of a Small Open Economy." 2: 195–214.
Ihori, Toshihiro. "The Dynamics of Open-Market Operations and the Assignment Problem." 2: 179–94.
Jeong, Ki-Jun. "Direct and Indirect Requirements: A Correct Economic Interpretation of the Hawkins-Simon Conditions." 3: 349–56.
Katz, Eliakim. "Money-Supply Turbulence and Exchange-Rate Turbulence: Some Empirical Results." 4: 483–88.
Lee, C. Jevons. "Capital Movements, Growth, and Balance of Payments." 4: 433–47.
McGee, Robert T. "The Nonneutrality of Money and Employment Rates: Tobin and Taxation Effects." 2: 215–24.
Miller, Stephen M. "Credit Rationing in a Disequilibrium Macroeconomic Model." 2: 129–54.
———. "Crowding Out: A Test of Some Direct Substitutability Hypotheses." 4: 419–32.
Mitchell, D.W. and A. Edward Day. "A Note Concerning a Credit Rule for Monetary Policy." 1: 109–12.
Nishimizu, Mieko, Richard E. Quandt, and Harvey S. Rosen. "The Demand and Supply for Investment Goods: Does the Market Clear?" 1: 1–22.
Pippenger, John and Stephen E. Haynes. "Discrimination among Alternative Models of International Capital Markets." 1: 23–46.
Quandt, Richard E., Mieko Nishimizu, and Harvey S. Rosen. "The Demand and Supply for Investment Goods: Does the Market Clear?" 1: 1–22.
Rabin, Alan and Dan Birch. "A Clarification of the IS Curve and the Aggregate Demand Curve." 2: 233–38.
Rock, James M. "Readings Books and Rankings of Macromonetary Articles, Authors, and Journals." 1: 71–88.
Rosen, Harvey S., Mieko Nishimizu, and Richard E. Quandt. "The Demand and Supply for Investment Goods: Does the Market Clear?" 1: 1–22.
Sickles, Robin, James Barth, and Philip Wiest. "Assessing the Impact of Varying Economic Conditions on Federal Reserve Behavior." 1: 47–70.
Smith, Gary. "Flexible Policies and IS–LM Dynamics." 2: 155–78.
Steindl, Frank G. "The Contemporary Money-Supply Paradigm: Friedman and Patinkin." 4: 477–82.
Stone, Joe A. "Nontraded Goods, Uncertainty, and Equilibration in the United States' Economy." 3: 309–24.
Takayama, Akira and John Z. Drabicki. "The Long-Run Conse-

quences of Minimum Wage Regulation in a Monetary Economy." 4: 387–403.

——— and ———. "The Symmetry of Real Purchasing Power and the Neoclassical Monetary Growth Model." 3: 357–62.

Thornton, Daniel L. "The Long-Run and Short-Run Demand for Money: Additional Evidence." 3: 325–38.

Warren, Ronald S., Jr. "Immigration and the Natural Rate of Unemployment in Australia." 4: 449–57.

Wiest, Philip, James Barth, and Robin Sickles. "Assessing the Impact of Varying Economic Conditions on Federal Reserve Behavior." 1: 47–70.

Woglom, Geoffrey. "Capital Formation and Demographics." 3: 277–92.

Yi, Gregory J.L. "The Choice of Numeraire, Capital Intensity Uniqueness and the Reswitching of Techniques." 1: 89–100.

Yoshino, Naoyuki. "A Note on the Optimal Choice of Monetary and Fiscal Policy." 4: 459–68.
